## Competition Format and Rules

Format et règlement des compétitions

As of MON 15 JUL 2024

### Olympic Competition Format

The artistic gymnastics competition at the Olympic Games Paris 2024 consists of men's and women's competitions.

Men compete on six apparatus: floor exercise, pommel horse, rings, vault, parallel bars and horizontal bar. Women compete on four apparatus: vault, uneven bars, balance beam and floor exercise.

There are four competition phases in artistic gymnastics: qualifications, team final, all-around final, and apparatus finals.

**Qualifications:** All gymnasts compete as part of a team or as individuals and the results of this phase are used to qualify gymnasts for the team, all-around and the apparatus finals. No scores are carried over from the qualifications to the finals. Team results are based on the three best gymnast scores on each apparatus.

**Team final:** The top eight teams from the qualification phase proceed to the team final. The teams compete again on all apparatus and the teams with the highest total scores are awarded the medals.

**All-around final:** The top 24 gymnasts from the qualification phase (maximum two per NOC) proceed to the all-around final. The gymnasts perform again on all apparatus and those with the highest scores are awarded the medals in the all-around. The all-around title is considered to be the premium achievement in gymnastics.

**Apparatus finals:** The eight gymnasts who placed highest on each apparatus in the qualification phase (maximum two per NOC) proceed to the apparatus finals. The gymnasts perform again on each apparatus and those with the highest scores are awarded the individual medals for each apparatus.

### Differences between the FIG World Championships and the Olympic Games

The Olympic Games have fewer competitors than the world championships. Teams are allowed one reserve gymnast at the world championships, and countries can enter up to five individuals, rather than three at the Olympic Games.

Apparatus specialists at the world championships compete in qualifications only on the apparatus they qualified for, whereas at the Olympic Games they may compete in qualifications on all apparatus.

The apparatus finals take place over two days at the World Championships and over three days at the Olympic Games.

### Changes since the Olympic Games Tokyo 2020

Teams now have five gymnasts instead of four (still no reserve gymnasts). NOCs with qualified teams may no longer qualify one or two additional individual gymnasts. An NOC without a qualified team may qualify up to three individual gymnasts.

The total number of gymnasts competing has reduced from 98 to 96 for each gender.

Before each apparatus final there is now a touch warm-up on the field of play.

The reference judges for each apparatus have been removed and replaced with two additional execution judges.

### Sport Rules and Procedures

#### Judging

Artistic gymnastics is a judged sport with a panel of nine judges presiding over each apparatus. The nine judges are broken down into two panels to calculate the "F" (final score). The "D" (difficulty) panel (two judges) calculates the D Score which is the score a gymnast receives based on the content of the routine. The "E" (execution) panel (seven judges) determines deductions from the maximum possible score (10.00) based on the gymnast's execution and artistry (WAG) of the routine. All judges will be appointed by the FIG.

#### Calculation of Scores

Definitions:

- E-score: The middle three of the seven judges' scores for Execution are averaged.

$D + E - \text{Penalties (if any)} = F$

Example:

## Competition Format and Rules

Format et règlement des compétitions

As of MON 15 JUL 2024

D-score: 6.00

E-score: 9.20 (calculated from: 9.10, 9.20, 9.60, 9.30, 9.40, 8.90, 9.00)

Final Score: 6.00 + 9.20 = 15.20

### Tie Break Rules

The FIG tie breaking rules are presented in the FIG technical regulations and define how to break ties in case of equality of points. In artistic gymnastics, the main principles are the following:

- Qualification for team final

- Team final

In case of a tie at any place, ties will be broken by the following criteria:

1. The team with the highest sum of the team apparatus counting scores obtained will prevail (i.e. the total of five, and if needed, four, three, two, one highest apparatus team scores for men and the total of three, and if needed, two, one highest apparatus team scores for women)
2. If they remain tied, the teams will share the same classification. A draw will be conducted between the tied teams to determine the starting order for the team final.

- Qualification for all-around final

- All-around final

In case of a tie for any place, the ranking will be determined by the following criteria:

1. The gymnast with the highest sum of the final apparatus scores will prevail (i.e. add the total of the five, and if needed, four, three, two, one of the highest final apparatus scores for men, or the total of the three, and if needed, two, one of the highest final apparatus scores for women)
2. The gymnast with the highest total E-score (Execution) by adding all apparatus will prevail
3. The gymnast with the highest total D-score (Difficulty) by adding all apparatus will prevail
4. If they remain tied, the gymnasts will share the same classification. A draw will be conducted between the tied gymnasts to determine the starting order for the all-around final.

- Qualification for apparatus finals (except vault)

- Apparatus finals (except vault)

If a tie occurs on any apparatus, except vault, ties will be broken by the following criteria:

1. The gymnast with the highest E-score (Execution) will prevail
2. The gymnast with the highest D-score (Difficulty) will prevail
3. If they remain tied, the gymnasts will share the same classification. A draw will be conducted between the tied gymnasts to determine the starting order for the apparatus final.

- Qualification for vault final

- Vault final

If a tie occurs on vault, ties will be broken by the following criteria:

1. The gymnast with the highest score for either vault will prevail
2. The gymnast with the highest E-score (Execution) of either vault will prevail
3. The gymnast with the highest D-score (Difficulty) of either vault will prevail
4. If they remain tied, the gymnasts will share the same classification. A draw will be conducted between the tied gymnasts to determine the starting order for the vault final.

If ties for the last qualification places for a final cannot be broken by the above criteria, all tied gymnasts/teams will progress to the final.

In case of an odd number of finalists, the group competing in the first half of the rotation will have a smaller number of gymnasts than in the second half.

### Penalties / Disqualification Rules

Penalties can be imposed on either an individual gymnast, or on a team as a whole, depending on the infraction:

- Individual penalties can include, for example, going out of bounds on the floor exercise, exceeding a time limit for a routine, exceeding the limited time for warm up, or for exceeding the allowed time for resuming a performance after having fallen from an apparatus. (These types of penalties are deducted from the gymnast's score for the apparatus).
- More general penalties can include wearing inappropriate attire and are deducted in qualifications, all-around and team final from the apparatus where first recognised, and in apparatus finals from the event score.

#### Disqualification:

- Disqualification (DSQ) as a result of a breach of the FIG technical rules and regulations (Appendix to the Code of Points, Part C, Invalid Result Marks). Decisions are taken by the competition jury.
- Disqualification for unsportsmanlike behaviour (DQB) as a result of infringing recognised sport ethics and rules (e.g. positive doping control).

If a gymnast is disqualified from a phase of the competition, his/her results will be removed from the relevant phase and the results of the phase will be re-calculated. Disqualification from qualification means that the gymnast will not proceed to any finals.

For team competition the disqualified gymnast's name and his/her results will be removed from the team and the team results will be re-calculated. The disqualified gymnast will not be entitled to receive a medal or diploma.

Disqualification from a final means that the gymnast receives no results in that final, but the gymnast may compete in subsequent finals if qualified.

In any of the above situations, the affected results output(s) will be produced and marked as "REVISED" with an explanation.

### Score Inquiries

Inquiries are allowed only for the difficulty scores. They must be made verbally immediately after the display of the score, or at the very latest before the score of the following gymnast is displayed. For the last gymnast of a rotation, this limit is one minute after the score is shown on the scoreboard. The inquiry must then be confirmed in writing at the latest within four minutes of the verbal inquiry.

Only the accredited coaches in the competition area are entitled to submit an inquiry.

Late verbal inquiries will be rejected. Also, should the inquiry not be confirmed in writing within four minutes, the procedure becomes obsolete. NOCs may not inquire about a gymnast from another NOC.

Every inquiry must be examined by the superior jury and a final decision (which may not be appealed) must be taken. The detailed procedure is outlined in the FIG technical regulations.

In exceptional circumstances, the FIG might issue an official communication (C67) with an explanation of the situation.

### Revision of Time and Line Deductions

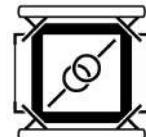

Coaches have the right to ask the superior jury for a review of time and line deductions.
